THE STREAMLINER

Everbearing. — Produces abundantly from June to November.

Hardy — Originated where temperatures fall to 20 and 30 degrees below zero.

Large Fruit — Equal in size to other large varieties.

Sweeter — Its very high degree of sweetness means a big saving in sugar, both for fresh use and canning.

Good Keeper — Because of its firmness, it is an excellent keeper. Will stand up on the market long after the other varieties have spoiled.

Color — The color is a bright, deep red, produces a minimum of small seed.

Aromatic. A highly flavored and aromatic berry. Very Productive.

THE FAIRLAND

A new variety just released for introduction by U. S. Department of Agriculture and the University of Maryland. Fairland (U. S. D. A. 3205) is a cross of Aberdeen and Fairfax.

Fairland is a very vigorous grower, making plenty of healthy plants that are commercially resistant to red stele. The plants are very productive, ranking with Premier and Catskill in total yield. The berries ripen two to six days after Premier. They are medium to large, light bright red and somewhat firmer than Premier. Fairland will maintain and increase your profit. Try New Fairland. We have some nice plants.

25 Plants for **\$1.50**; 200 for **\$7.00**;
50 for **\$2.50**; 300 for **\$9.00**;
100 for **\$4.00**; Prices postpaid.

ROBINSON

Ripens just after Premier at a time when berries bring a good price. Berries are large, brilliant red, uniform in size.

Price — **75¢** per 25; **\$4.00** per 250;
\$1.25 per 50; **\$6.25** per 500;
\$2.00 per 100; **\$10.00** per 1000.

Arrowhead

A new variety introduced by Minn. Agriculture Station. This big shapely dark red berry is richly sweet and juicy; large plants with dark green foliage. Makes wide fruiting rows and bears record-breaking crops over a long period.

50 Plants for **\$1.25**; 100 Plants for **\$2.00**; 500 for **\$7.00**; 1000 for **\$12.50**

SENATOR DUNLAP

The Dunlap is the Most Popular Strawberry in the United States, known everywhere. Fruit firm, of excellent quality, good size, and a unusually heavy bearer. Has wide range of soil and climate. Yields big profits; excellent for preserves and general uses. An old time favorite. No better canning berry is to be found anywhere. *Prices postpaid.*

25 Plants for **65¢**; 300 for **\$4.00**;
50 for **\$1.00**; 500 for **\$5.60**;
100 for **\$1.50**; 1000 for **\$10.00**.

THE BLAKEMORE

The plants are so vigorous that they will make a good fruiting bed in almost any kind of soil and with the minimum of care. *They are very productive*—often producing as much as 10,000 quarts per acre, and the record of several years indicate that the blossoms are quite frost resistant. They have attractive color. The berries are really solid and are much liked for canning and preserving. Prices same as for DUNLAP.

TEMPLE

An exceptionally vigorous variety, making a dense bed of unusually tall plants. Quite productive, and nearly as early as Blakemore. Berries are large, blunt conic, smooth, uniform and have large, attractive caps. Good quality fruit, and solid enough for shipping. Introduced because of its resistance to diseases. PRICE—**90¢** per 25; **\$1.50** per 50; **\$2.40** per 100; **\$7.50** per 500; **\$4.80** per 250; **\$12.00** per 1000.

PREMIER

EARLY. This ever-popular berry has stood the test of 25 years. Fruit large and holds its size well throughout the ripening season. Foliage smooth, bright and clean. A good plant maker. One of the most extensively planted early varieties of Strawberries at this time. There are but very few varieties that have equalled Premier's production record. In flavor and quality it ranks with the best. Recommended for home use, local sales or commercial markets.

PRICE—**\$1.10** per 25; **\$5.80** per 250;
\$1.80 per 50; **\$9.05** per 500;
\$2.90 per 100; **\$14.50** per 1000.

Cumberland Blackcap Raspberry

This is without question one of the most profitable and popular Black Raspberries ever grown. It is one safe and reliable commercial variety you can depend upon for a big crop regularly. It succeeds in all soils and produces its big crop year after year. More Cumberland are planted than any other variety. Cumberland is perfectly hardy and tremendously productive.

GEM EVERBEARING

Gem is a money-making ever bearer. Its berries are solid, and carry well to market. They are well shaped, well colored and deliciously flavored. The plants are healthy, vigorous, drought resistant, productive. Does not require mating. Grow in narrow rows for best results. Gem produces a fine crop of money-making berries in the fall, berries that will sell well at fancy prices—and then again in the spring. More and more Gem is being planted for profit.

Minnesota Everbearing

No. 1166

Produced at the Minnesota Agricultural Experimental Station Minnesota 1166 has hardiness, and fruitfulness, under adverse conditions that most varieties do not have. Many believe it will soon replace the ordinary varieties, because it really is superior. Berries are large, well-shaped, dark red clear through, and have marvelous keeping and shipping qualities. Do not rot in the box or dry up.

BRUNES MARVEL
EVERBEARING BERRY

A Miracle has been wrought in this new EVERBEARING STRAWBERRY, for it has all qualities tied up in one berry. Folks who cannot eat other varieties of Strawberries *you can eat this one, no acid, and about all sugar.* This variety will not cause a rash like others do on some folks. So sweet no sugar is needed, mild and smooth, seeds are so small they're hardly noticed; berries of bright red. Bears 60 days after set, and is still at it when it commences to snow; bears best in September and October.

Asparagus

Easy to grow—and so good for you.

One planting lasts many years.

PARADISE—The new giant strain of Asparagus from California. Makes long, thick, very tender stalks. Grows quickly; mild and pleasant flavor. Retains its color when canned or frozen! Claimed to bear usable tips a year sooner than other varieties. A tremendous grower, yielding two or three times as much as many other varieties.

2 Year Plants—Postpaid

12 for 85¢ — 25 for \$1.65

100 for \$4.95

CHOICE BLUEBERRIES

There is a big market for these delicious Blueberries; they make money from any type of acid soil. Grow in big clusters—3000 to 5000 quarts per acre—easy to harvest, thornless. Plants last a lifetime, give bigger yields every year. If your soil is sweet, use peat moss or partially rotted vegetable matter around the plants to create acid. The period of ripening covers several weeks; therefore harvesting can be done at leisure. Write U. S. Dept. of Agriculture, Washington, D. C., for free booklet on Blueberry culture.

Your choice of CABOT (early); RANOCAS (midseason); RUBEL (late). Use two or more varieties to cross-pollinize for best results.

18 TO 24 INCHES—FRUITING SIZE

3 for \$3.50 — 5 for \$5.50 — 10 for \$10.00

THE BEAVER

A grand and dependable mid-season Strawberry; a shapely, dark red berry that is richly sweet and juicy.

Large plants with a light green foliage; makes wide fruiting rows and bears record breaking crops over a long period. Try a few BEAVER.

GRAPES

CONCORD—Black. An old tested heavy-bearer. There are more than 100 times more of this grape grown than any other. It is the leading wine and market grape.

2 year No. 1 Plants—Each 30c; 5 for \$1.30; 25 for 6.30—all prices include postage.

CACO—Hardest Red Grape. A rapid grower which produces large bunches of great big, juicy amber fruit. Very delicious, rich and sugary. Caco ripens in September and is very hardy.

2 year No. 1 Plants— Each 45c; 5 for \$2.00; 25 for \$9.00—all prices include postage.

NIAGARA—Most popular of white grapes. Known as the "White Concord" because it is a Concord seedling. The Concord strain gives it hardiness, large bunches and heavy yield. Berries are light yellow when ripe in September and are very sweet. Bears young.

2 year No. 1 Plants—Each 40c; 5 for \$1.65; 25 for \$7.50;—all prices include postage.

INDIAN SUMMER

Giant Red Everbearer

The best everbearing red Raspberry. Earliest to ripen; bears a full crop in June and an immense crop in the fall. A sensation because of its size, flavor, and unusual beauty. Wonderful keeping qualities. Berries are glossy red, conical in shape, and of extra large size. The greatest all-purpose Raspberry. The fall crops when Raspberries are scarce and therefore highly priced are heavier than the earlier ones.

No. 1 Plants—10 for **\$1.60**; 25 for **\$3.50**;

100 for **\$12.50** Postpaid.
